

PROP 107: Bad for our communities Bad for our economy

**Vote NO on PROP 107
on Nov. 2nd!**

What is Prop 107?

Proposition 107 would prohibit all programs that offer women, girls and people of color equal opportunity in education, business contracting, and employment through any unit of Arizona government, including state agencies, cities, counties, universities, community colleges and school districts.

This anti-opportunity proposition especially places education and employment programs at risk at a time when Arizona lags well behind the rest of the nation in basic measures of scholastic performance coupled with an all time high rate of unemployment.

**Who's Affected?
49.9% Women
39.2% Minorities**

There is no shortage of studies to show that skilled and educated citizens are better for our pocketbooks and our economy.

What You Can Do To Stop Prop 107:

- Vote NO on Nov 2nd
- Inform your friends and family about this proposition.
- Volunteer to help get out the vote!
- Donate to the WE CAN! Committee to defeat Prop 107.
